

Resume for the position of sports coach. Motivation letter.

Assalamu aleikum wa rahmatullahi wa barakatuh.

My name is Kulikova Yuliya Alekseyevna - I am a Russian Muslim and a children's sports coach with extensive experience. I am writing to get a job with you, to work with children.

I will describe my qualifications in more detail below, and I will also attach diplomas, letters of recommendation, and certificates of completed seminars to the letter. And now I will tell you in more detail why I chose to move to the UAE.

My coaching career began in 2015, I started as a hired coach, later opened my own studio. Throughout my life, I have always been interested in religion - Islam. In 2023, I came to a detailed study, put on a hijab and began to observe all the laws of Islam, left everything forbidden and began to seek myself only in what is permitted. At the same time, I tried to transfer the studio to a halal sport - without music and dance, just health programs, stretching, work on posture. But in our secular state they don't understand this and I couldn't continue my activities in a halal way.

In order to provide for myself, I got a job at a local clothing brand, as an accountant (my main higher education). At the moment, all work as an accountant is done remotely and I decided to move to the UAE. I live in Kazakhstan, Almaty. Marital status: divorced, my son lives with me - 12 years old (mahram). I also have an adult daughter, she is now finishing high school in Canada, Toronto.

I really miss working with children and would gladly accept the offer of cooperation with you, I would think up interesting programs, and we could also periodically organize open lessons. I also practice drawing and satin stitch embroidery.

If you are interested in my offer, please write to me, we can create a conference in ZOOM and agree on everything. My level of English is B 1, I will improve my language skills, and I also plan to learn Arabic.

All confirmations of my qualifications in Russian, if necessary, I can send with a translation into English.

I am ready to work for charity purposes with children, but your invitation to this activity is important to me, so that on this basis I can get a work visa. If necessary, we can conclude an employment contract with you. I will also pay all

moving expenses, the move will take place in mid-August this year. My main source of income is remote work as an accountant.

Thank you for reviewing my resume and letter, I look forward to your response.
