

ALAA AYMAN YAGHI

DHA LICENSED RADIOGRAPHER

Alaa.yaghii28@gmail.com • +971543886740 • www.linkedin.com/in/alaa-yaghi-92940b2a4

Enthusiastic and detail-oriented Radiography graduate with hands-on experience in medical imaging and patient care through an internship in a leading hospital. Eager to contribute to a healthcare team while expanding expertise in the radiology field.

WORK EXPERIENCE

Clinical Attachment

Rashid Hospital Emergency & Trauma Center, UAE

Jun 2024 - Dec 2024

- Assisted senior radiographers in trauma and emergency imaging, outpatient and inpatient departments, and surgical procedures.
- Ensured proper patient positioning and comfort during imaging procedures.
- Observed and followed strict protocols for radiation safety, patient care, and infection control.

University Clinical Practice

Gulf Medical University, UAE

Sep 2021 - Jun 2024

- Had the opportunity to train across various prestigious government and private sector hospitals in the UAE, gaining hands-on experience in multiple imaging modalities including general X-ray, fluoroscopy, portable x-ray, computed tomography (CT), Magnetic resonance Imaging (MRI), Ultrasound, and the Operation Theater.
- Developed a comprehensive understanding of radiologic techniques, diagnostic procedures, patient care, and hospital workflow in diverse clinical environments.

EDUCATION

Bachelors of sciences, Medical Imaging Sciences

Sep 2020 - Jun 2024

Gulf Medical University, UAE

SKILLS

- Comprehensive knowledge of radiation safety protocols and diagnostic imaging techniques.
- Capable of managing emergency situations with composure and professionalism.
- Proficient in operation of diverse X-ray equipment, ensuring high-quality imaging and patient safety.
- Skilled in patient positioning and preparation, with strong communication and interpersonal skills.

CERTIFICATIONS AND TRAINING

- Completed an e-learning course on “Radiation Basics and Consequences of Exposure to Radiation” from International Atomic Energy Agency (IAEA), 2020.
- Basic Life Support (BLS) certification, 2022.
- Completed an inclusive training for “enhancing communication skills for health volunteers and students” from Special Olympics, 2023.
