Professional Experience

Project Coordinator (Remote)

Soltaic Solutions, USA | 02/2025 – Present

- Coordinated project timelines across internal teams and U.S.-based clients, ensuring on-time delivery.
- Managed client communication, documentation, and quality checks to enhance satisfaction and transparency.

Clinical Laboratory Scientist

American University of Beirut Medical Center (AUBMC) | 10/2018 – 12/2024

- Performed advanced genomic testing, including NGS, for clinical and research use.
- Designed and validated assays, ensuring accuracy and regulatory compliance.
- Led CAP accreditation efforts and contributed to published research on genetics and public health.
- Developed SOPs and conducted technical QA improvements.

Policy Analyst (Final Year Project)

American University of Beirut (AUB) | 10/2023 – 05/2024

- Analyzed Lebanon's Domestic Violence Law 293, evaluating its effectiveness and impact.
- Provided evidence-based policy recommendations and presented findings to academic stakeholders.

Project Management Assistant – Healthcare Revenue Cycle

American University of Beirut (AUB) | 12/2023 – 03/2024

- Supported AUBMC ERP implementation with a focus on revenue cycle optimization.
- Assessed billing workflows and reimbursement processes to improve efficiency.
- Aided in compliance, audit procedures, and project milestone tracking.

Languages

Arabic: Native, **English:** Full Professional Proficiency, **French:** Full Professional Proficiency

Skills

Functional Skills

Genomics Research & NGS (Next-Generation Sequencing)
Policy Analysis (Health)
Project Management (Healthcare & ERP systems)
Data Analysis (STATA, Bioinformatics)
Laboratory Quality Control & CAP Accreditation
SOP (Standard Operating Procedures) Development
MS Office Suite (Excel, PowerPoint, Word)

Soft Skills:

Leadership & Team Collaboration
Communication & Public Speaking
Time Management & Multitasking
Problem-Solving & Critical Thinking
Cross-functional Coordination
Research & Report Writing
