## Summary

I'm Year 12 student at Repton School Dubai, studying A Levels in Biology, Chemistry, and Mathematics. Seeking a job-shadowing opportunity in a clinical setting, with a particular interest in Obstetrics and Gynaecology. I'm curious, responsible, and eager to observe patient care, clinical procedures, and the realities of medical practice.

## Education

### Repton School Dubai

A Levels: Biology, Chemistry, Mathematics

2014 – Present

- Strong academic focus on sciences relevant to medicine
- Developing analytical thinking, attention to detail, and problem-solving skills

## Skills

- I have a strong interest in medicine and healthcare
- Observational and attentive learner
- Professional communication and active listening
- Time management and reliability
- Comfortable working in structured, professional environments

## Experience

### Medical Job Shadowing Experience – Singapore | 2025

- Observed healthcare professionals in a clinical environment
- Gained exposure to patient interactions and professional conduct in medicine
- Developed an understanding of confidentiality, teamwork, and hospital routines

### School Nurse Assistance – Repton School Dubai | 2025

- Assisted with basic administrative and organisational tasks
- Observed first-aid procedures and student care
- Learned the importance of empathy, discretion, and clear communication in healthcare settings

### Medical Society (MedSoc) – Repton School Dubai | 2025 - 2026

- Explored ethical issues in medicine, including patient consent and clinical decision-making
- Took part in debates on contemporary medical topics
- Strengthened analytical thinking and evidence-based argumentation

## Awards

Recipient of an academic award for high IGCSE grades from Pearson Edexcel
